

Journal of the University of Sheffield Geological Society Volume 1

Number 1, April 1951

Author	Initials	Page	Title
Charlton	G.W	1	Editorial
Butcher	N.E.	2	The Society
Tayib	N.M.	5	The Eötvös balance and its application in Geology
Charlton	G.W	10	The origin and source beds of petroleum (pt 1)
Magraw	D.	14	Personal impressions of the Geological Survey of Great Britain
Moseley	F.	18	Some aspects of the geology of the Mont Blanc district
Ford	T.D.	24	British Association, Birmingham 1950
Butcher	N.E.	27	NW Sutherland
Williamson	I.A.	36	The outcrop of the Sandrock Mine in the Cliviger Gorge
Callender	J.	37	Report on a lecture by Professor Fearnside on "The concealed coalfield of the Midlands"
Love	L.G.	39	Report on a lecture by Prof. George on "Some aspects of evolution of terrestrial vertebrates"
Butcher	N.E.	40	Report on an excursion to the Matlock District
Taylor	F.M.	42	News items

Number 2, October 1951

Ford	T.D.	45	Editorial
Ford	T.D.	46	Society News
Ford	T.D.	47	Reports of excursions: Dovedale, Castleton & Congleton
Nutter	M.	48	Report on a lecture by Professor D.L. Linton on "The nature and significance of tors"
Charlton	G.W	50	The origin and source beds of petroleum (pt 2)
		53	Extraordinary General Meeting [amendment to Constitution to change date of AGM]
Moseley	F.	54	Kilimanjaro
Love	L.G.	59	Some episodes in the history of St George's Land
Greensmith	J.T.	67	The local development of "reefs" in the Lower Magnesian Limestone
		71	Report on a lecture by Miss N. Kirkham "The old lead mines of Derbyshire"
Ford	T.D.	72	Blue John stone
Butcher	N.E.	82	Report on an excursion to Austwick
Clark	D.A.J.	84	The Geological Society of London's students instructional tour 1950

Number 3, February 1952

Ford	T.D.	87	Editorial
Ford	T.D.	88	Society News

Neves	R.	89	The 1951 excursion to South Wales
Ford	T.D.	91	The British Association, Edinburgh 1951
Ford	T.D.	101	Report on lecture by Dr R.M.C. Eager "Some recent work on Carboniferous non-marine lamellibranchs"
Greensmith	J.T.	104	Mapping difficulties in the Weald
Taylor	F.M.	106	Report on lecture by Dr W. Davies "Geology in the service of the iron and steel industries"
		109	News of Former Members
Ford	T.D.	109	Blue John Stone
Brindle	N.	110	Some theories of ore deposition
Number 4, February 1953			
Guest	N.J.	125	The Colonial Geological Survey - personal impressions
Stephens	E.A.	130	Field work in Borneo
Ford	T.D.	134	The geologist with a camera
		137	Proceedings
Keenleysides	W.A.H	137	Society visit to Thurcroft Colliery
Nutter	M.	138	Excursion to some open-cast coal sites
Varney	G.R.	139	Weekend excursion to Carrock Fell
Butcher	N.E.	142	Excursion to Weaver Hills
Taylor	F.M.	143	Report on lecture by Professor Shotton "Quaternary problems in the Midlands"
Butcher	N.E.	144	Excursion to Calton Hill and Earl Sterndale
Hunt	G.	144	Report on lecture by Dr F. Coles-Philips "Lineation"
Hunt	G.	147	Inter-University Geological Congress at Leeds: The tectonic control of igneous activity (co-author V.R. Dixon)
		156	Notes and News
Number 5, December 1953			
Hunt	G.	159	Editorial
Allen	J.R.L.	160	A description of some basic lava flows at Kalfstindur, SW Iceland
Dixon	V.R.	164	The Moor Grit
Haw	D.	166	Difficulties of mapping in the Lower Palaeozoic of North Wales
Greensmith	J.T.	171	A case against average chemical analyses
House	M.R.	174	Tectonics in south Dorset Mesozoic rocks
Nutter	M.	178	Report on lecture by Mr C. Downie "Oil Shales "
Hunt	G.	180	Geological Society of London's students instructional tour 1953
Dixon	V.R.	185	Report on lecture by Dr W.W. Black "Lower Carboniferous reef knolls"
Marshall	E.A.	186	Visit to a salt mine (co-author J.E. Short)

		189	Proceedings
Butcher	N.E.	191	Report on a lecture by Professor W.A. Deer "Geology of the Kangerdlugssuaq region of East Greenland"
Number 6, March 1954			
Hunt	G.	1	Editorial
Tarlo	L.B.	2	Preliminary notes on ostracoderms from the Lower Old Red Sandstone of Brown Clee Hill, Shropshire
Tarlo	L.B.	3	Note on the microscopical structure of a Pteraspid dermal bone (end note on p.31)
Greensmith	J.T.	3	Petrographic problems
Bate	R.H.	5	Some reasons for evolution
		9	Society activities - Lent term
Hillier	G.R.K.	11	Some problems of evaporite deposits in the Vale of Eden
Allen	J.R.L.	16	A group of acid hot springs as Hverakjalkar in south west Iceland
Sullivan	H.J.	23	Presidential address - Volcanic and plutonic associations
Orme	G.R.	25	The second Inter-University Geological Congress: Geosynclines, sedimentation and mountain building (co-author L.B. Tarlo)
