

## Journal of the University of Sheffield Geological Society Volume 2

### Part 1, January 1955

Author	Initials	Page	Title
Allen	J.R.L	1	Editorial
Hallam	A.	1	The geology of Nevill Holt, Leicestershire
Allen	J.R.L	7	Some aspects of sedimentation on a modern sand beach
Bate	R.H.	13	The Oolitic Formation in the Whitehead Limestone of Micheldean
Sullivan	H.J.	18	Lingula Bands in the Coal Measures
Jha	B.N.	22	The bauxite deposits of India; their origin and uses
Knowles	B.	31	Report on a lecture by Prof P. Allen "The petrology of the Chalk" (co-author G.E. Sylvester)
		36	Society Activities

### Part 2, April 1955

Allen	J.R.L	i	Editorial
Allen	J.R.L	ii	Society Activities
Allen	J.R.L	iii	List of members 1954-55
Knill	J.L.	36	The stratigraphical succession and deposition of the Rhinog Grits to the west of Ganllwyd, Merionethshire (co-author D.C. Judge)
Atherton	M.P.	41	A short history of the Mythen [north east of Brunnen, Lake Lucerne, Switzerland]
Allen	J.R.L	46	Preliminary notes of the fauna and palaeoecology of the goniatite bed at Cow Low Nick, Castleton, Derbyshire
Tarlo	L.B.	52	On the identification of fossils
Orme	G.R.	56	Presidential address: Uniformitarianism and rhythm
Waddle	K.W.	64	Post-Pliocene erosion in Arran
Hart	G.F.	66	Excursion into Teesdale
Whittaker	B.	68	Serpula advena [in South Pembroke]
Abdullah	M.	70	The geology of Llangollen
Tarlo	L.B.	72	Primitive chordates
		74	Correspondence - letters from L.B. Tarlo and J.R.L. Allen with reference to Allen's paper on goniatites (p.46)

### Part3, January 1956

Allen	J.R.L	i	Editorial
Allen	J.R.L	76	Society Activities
Knowles	B.	78	Some pertinent observations on the role of water as a controlling factor in landslide formation (co-author G.E. Sylvester)
Atherton	M.P.	83	Further notes on the Pre-Alps
Sarjeant	W.A.S.	87	The mineralogy of Ecton Hill, Staffordshire
Atherton	M.P.	93	The 'basal' Permian conglomerate of the Pontefract district.

**Part 4, April 1956**

Allen	J.R.L.	94	Editorial "The First Decade" [History of the Society]
Allen	J.R.L.	97	Society activities
Allen	J.R.L.	98	List of society members 1955-56
Allen	J.R.L.	101	Officers of the Society 1946-56
Rix	P.	102	The Howgill Fells
Higgins	A.C.	104	Malham and the immediate area
Clement	R.W.	105	The coelacanth Latimeria and its place in Natural History
Knowles	B.	108	Concretions of the Magnesian Limestone
Hart	G.F.	111	The Anniversary address: 'Geology, Yesterday, Today and Tomorrow' by Professor L.R. Moore
Sarjeant	W.A.S.	114	Some Derbyshire mineral localities
Richardson	J.B.	122	Presidential address: Saline deposits
Tarlo	J.B.	128	Notes on the Devonian of the Holy Cross (Swiety Krzyz) Mountains of southern Poland
Orme	G.R.	135	An example of the use of the compass-rose technique in structural surveying
Allen	J.R.L.	139	The PreCambrian rocks of Caldecote and Hartshill, Warwickshire

**Part 5, January 1957**

Rix	P.	i	Editorial
Rix	P.	148	Society Activities
Barker	D.R.	149	Report on a lecture by Dr W.S. McKerrow "Brachiopod species, morphological or otherwise"
Barker	D.R.	150	Excursion reports
Courtier	D.B.	152	The caves of Bradwell, Derbyshire and their relation to the geomorphological history of the area
Clement	R.W.	158	The Geological Society of London students' instructional tour, July 8th to 28th, 1956
Paterson	I.B.	163	Classification of fossils
Sylvester-Bradley	P.C.	168	The postgraduate geologist in America
Sarjeant	W.A.S.	172	Further Derbyshire mineral localities
Wood	Jean M.	180	A deformed, cross-laminated gritstone from Ringinglow near Sheffield (co-author J.R.L. Allen)

**Part 6, April 1957**

Rix	P.	186	Editorial
Rix	P.	187	Society Activities
Rix	P.	189	Old student news
Lloyd-Wiggett	C.	190	The Easter field class in South Wales
Spode	F.	191	The Astbury Inlier
Waddle	K.W.	193	Earthquakes

Barker	D.	195	Structure of the Alps
Clement	R.W.	199	Presidential Address: Some aspects of the geology of the East Pennine concealed coalfield
Clegg	N.J.	210	Salt mining in Cheshire
Rix	P.	212	Historical aspects of geology: observations on a lecture by Dr S.I. Tomkeieff
Sarjeant	W.A.S.	215	On the asbestos of Calton Hill
Hart	G.F.	218	The fifth Inter-University Geological Congress, January 2-6th 1957 on 'The Lower Palaeozoics' (co-authors: K.W. Waddle & P. Rix)
