

## Journal of the University of Sheffield Geological Society Volume 5

### Number 1, May 1964

Author	Initials	Page	Title
Wilson	R.C.L.	i	Editorial
Colley	H.	ii	Freshers' excursion to Derbyshire
Fryer	C.C.	iv	Society excursions
Marston	R.J.	1	A summary of the facies changes in the Triassic rocks between Britain and North-West Italy
Neville	R.S.W.	7	The Rhaetic of Britain
Neale	R.W.	15	12th Inter-University Geological Congress - Report
Stephenson	J.	18	Trends, hypertely and extinction in evolution
Taylor	W.E.G.	20	A reappraisal of the revised Ludlow classification (co-author T.R. Lister)

### Number 2, January 1965

Fryer	C.C.	i	Editorial
		ii	Society excursions (Freshers' & Whitby)
Boyes	D.R.	vi	13th Inter-University Geological Congress - report
Tapp	B.A.	1	Glaciation and its effect on life
Marston	R.J.	4	An historical review of studies in the Caledonian Fold Belt of Northern Scotland
		28	British Association 1964
		31	Sheffield University Iceland Expedition 1964
Neville	R.S.W.	36	The main structural units of the Western Alps

### Number 3, March 1966

Lister	T.R.	i	Editorial (Co-editor R.J. Marston)
		ii	Departmental news
		iii	Society lectures and excursions
Kilmurray	J.O.	1	Geology in the Argentine Republic
Utting	J.	6	Newfoundland - its history and Carboniferous geology
Maliotis	G.	10	The Troodos Massif, Cyprus

### Number 4, Part I, June 1967

Davies	P.J.	1	Editorial (Co-editor R.S.W. Neville)
Rice	C.C.	2	The remains of the ostracoderm <i>Rhinopterapsis cornubica</i> (McCoy) found in the Lower Old red Sandstone near Mitcheldean
Haynes	L.	10	The Devonian and Carboniferous strata of part of south east Devonshire
Davies	P.J.	21	The Cambro-Ordovician junction at Trwyn Hwrddyn, Whitesand Bay, St. David's
Dolby	G.	24	The Llandovery sequence in the south Malvern Hills

Neville	R.S.W.	33	The Rhaetic (Part 1 - The Bone Bed)
Davies	P.J.	38	Uniformitarianism
<b>Number 4, Part II, June 1967</b>			
Walker	M.	46	The geology of the Isle of Arran
Harland	R.	63	Tertiary dykes along the coast south of Oban
Cooper	A.F.	66	A temporary section in the Rushton Schists at Rushton, Shropshire
Haynes	L.	71	The staining of plagioclase feldspars in thin section
Mulhearn	G.	74	Epoxy resins and thin section making
<b>Number 5, May 1968</b>			
Colley	H.	77	Editorial (Co-editor C.M. Rice)
Maloney	R.J.D.	78	President's report
Colley	H.	79	A short report on the geology of Erromango, New Hebrides, SW Pacific
Neville	R.S.W.	85	The Rhaetic (Part 2 - The Cothan Marble)
Riding	R.E.	92	A summary of the Palaeozoic geology of NW Spain
Shulver	I.	97	Orgreave Colliery (A visit by the Society on 31st January 1968)
Maliotis	G.	99	The Troodos igneous complex, Cyprus
Rice	C.M.	107	The geological history of the NW part of the Forest of Dean during the initial transgression of the Lower Carboniferous sea
Davies	P.J.	110	The igneous activity in the St. David's Head region
Dolby	G.	116	Postgraduate work in the Department
<b>Number 6, June 1969</b>			
Clayton	G.	119	Editorial (Co-editors: D.G. Farmer, K. Grey, P.J. Hill, P.C. Reid, I.N.W. Shulver)
Fee	P.	120	President's report
Farmer	D.G.	121	Some notes on the aluminium silicate polymorphs, with particular reference to their stability relations
Boulter	C.	135	Iron in south Cumberland
Harris	G.C.	143	Looking to the future [- the case for teaching geology in secondary schools]
Ambrose	T.	145	Aspects of geomorphology of the area around Kentmere, Westmoreland
Connelly	R.J.	149	The Lower Ludlow beds of the northern part of the Denbighshire moors and associated sedimentary structures
Stacey	C.C.D.	155	Some economic aspects of the geology of Essex
Farmer	D.G.	156	General system theory with relevance to geologic and geomorphic systems and their simulation
Wardley	A.F.	158	The great fault zones of the NE Pacific
Shulver	I.	169	The lavas and neptunian dyke of Hazler Hill Quarry, Shropshire
Jackson	P.	171	Some preliminary notes on a survey of the mining region of Alston Moor, Cumberland
Gallagher	K.E.	179	Magnetometer investigation on a Derbyshire toadstone

MacFadyan	M.A.	182	Geological Society Field Weekend - Autumn 1968 (Lake District)
		188	Current research interests in the Department
		192	3rd Year Honours Mapping areas
