

Journal of the University of Sheffield Geological Society Volume 7

Number 1, June 1976

Author	Initials	Page	Title
		2	Dedication to Professor L.R. Moore in his last year in the Sorby Chair
Swanson	V.	iii	Editorial
Adams	S.	iv	President's report
Fenton	J.G.P.	1	Palynological evidence for the age of the Dulas Formation (Ordovician) in Anglesey (North Wales)
Romano	M.	7	The Geology of Port
Al-Badri	A.S.M.	12	The exploitation and development of ground water in Iraq
Holehouse	S.G.	16	Dynamic stress (retrograde boiling) as a mechanism of sheet intrusion
Dorning	K.J.	20	Trends in palaeoecological assemblage dynamics
Tilsley	J.W.	24	Geology of Royal Mine, Matlock, Derbyshire
Draper	M.G.	27	The application of remote sensing techniques to geology
Love	L.G.	31	Local natural resources and the history of Sheffield

Number 2, June 1977

Morton	J.L.	ii	Editorial
Walters	S.	iii	President's report
Moore	L.R.	42	Why study the Coal Measures?
Fall	M.G.	51	University of Sheffield Expedition to Arctic Norway 1976
Walters	E.G.	62	A review of the theories for the distribution and zonation of the ore and gangue minerals in the South Pennine Orefield, England
Swanson	V.	71	Acritarchs and chitinozoa from the Whitcliffian (Silurian) Dinas Bran Beds of Llangollen, Clwyd, North Wales (Co-author K.J. Dorning)
Curtis	C.D.	79	Geochemistry of burial diagenesis
Mitchell	W.I.	83	Early days in the geology of eastern Bolivia
Cattermole	P.	92	The nature of the Arvonian-Lower Cambrian boundary in the Moel Tryfan-Llanllyfni area of Caernarvonshire, North Wales
Whiteley	M.J.	95	The wet way - a review of future quarrying methods in eastern Mendips
Fenton	J.P.G.	97	Palynological evidence for the age of the Dulas Formation (Ordovician) in Anglesey, North Wales: An appendix
Romano	M.	98	A day in the life of a trilobite
Oakman	C.D.	100	The Hopton Vein - an ancient volcano in the Peak District, Derbyshire
Porter	R.	106	The origin of 'clay wayboards' in the D1 limestones of Derbyshire
Dorning	K.J.	108	Chitinozoan preservation and microbiota of the Silurian Quidong Formation, New South Wales, Australia

Number 3, June 1978

Haystead	J.M.		Editorial
Hiscox	J.		President's report

Dorning	K.J.		Optical photomicrographs of foraminifer <i>Archaeochozsa lobosa</i> and chitinozoan <i>Linochitina cingulata</i>
Love	L.G.	113	Sheffield Geology Expansion in to the Beaumont Building - October 1978
Islam	M.A.	116	The Ganges-Brahmaputra River delta
Gluyas	J.G.P.	123	Meteorite studies: petrography and origin of chondrules
Liversage	J.C.	126	Concretionary processes on shipwrecks
Cleal	C.J.	149	The Westphalian-Stephanian boundary in Saarland, Federal Republic of Germany
Variava	F.M.	157	The geology and gemstones of Sri Lanka
Porter	R.	164	The origin of the Lower Miller's Dale Lava, Derbyshire
Ainsworth	D.M.	166	A model for the origin of petroleum
Cole	J.	171	Observations on the trace fossils of the Loch Eribol Quartzite of Ord, southern Skye
Seymour-Smith	S.P.	176	The geology and mineralogy of the Llyn Peninsula, North Wales

Number 4, June 1979

Johnson	D.A.		Editorial
Moody	C.R.		President's report
Humphries	D.W.	181	Henry Clifton Sorby, LL.D., F.R.S. (1826-1908)
Welsh	A.	194	Stratigraphic palynology of early Dinantian strata in shallow boreholes at Ravenstone Dale, Cumbria
Islam	M.A.	203	A note on the controversial aspects of Ganges-Brahmaputra River delta
Woollam	R.	206	The Bridges Syncline (late Pre-Cambrian) of Shropshire
Parry	C.C.	213	The Brent Group: a review
Williams	N.	219	The story of Carrock Mine
Home	P.C.	225	The Caledonides of northern Scandinavia: a review
Welsh	A.	231	A brief geological history of central East Greenland
Cripps	J.C.	239	How do we know what lies below?

Number 5, June 1980

Kneller	B.C.		President's Report
Bridge	P.		Editorial
Woollam	R.	243	Jurassic dinocysts from shallow marine deposits of the East Midlands, England
Riding	J.B.	262	The nature and affinity of the Chitinozoa - a review
Islam	M.A.	269	Neogene stratigraphy and sedimentation of the St. Martin's Island, Bangladesh
Vear	A.	276	Chemical weathering and slope instability at Mam Tor, Derbyshire
Fletcher	I.	290	Fieldwork - some of the problems encountered
Walters	S.G.	293	A field guide to the igneous rocks of the Peak District
Cattermole	P.J.	299	Planet Venus - Earth's alarming sister world

Number 6, June 1981

		302	Thesis summaries
Bridges	P.J.		Editorial
Leary	P.N.	310	President's report
Porter	J.	312	The downtown geology of Sheffield (co-author S.J. Fleming) [Building stones used to front shops on The Moor and Pinfold Steet]
Whyte	M.A.	323	A footprint in the sands of time. (co-author M. Romano) [Jurassic dinosaur footprints near Scarborough]
Leary	P.N.	331	The mass extinction debate
Davis	J.E.	333	A palynological investigation into Middle and Upper Bathonian strata from Woodeaton, Oxfordshire
Reynolds	S.T.	345	Water, water everywhere, nor any drop to drink' [The need for careful management of groundwater resources]
Bridges	P.J.	350	Zeolites - occurrence and uses
Gibbons	M.N.	357	First impressions of field mapping
		359	Thesis summaries
